MAR 24 1947

U.S. Dept. of Agriculture

March 1, 1947.

The flower garden is a living, growing thing and as such deserves to be kept up to date. Each year a number of new perennials are introduced which are decidedly superior to those which we are now growing. Add new life and interest to your garden with some of the finest plants yet to be introduced as listed below.

Important - Quantities of most of these choice plants are extremely limited, therefore it is strongly suggested that your orders be placed as soon as possible. Early ordering helps us too and so as an added inducement we will reward each order for \$3.50 or more received by April 1st with a plant of the very fine red Cushion Chrysanthemum "Santa Claus". Note: all prices include postage but the minimum order which can be accepted at these prices is \$2.00.

1947 NOVELTIES

CARNATION CHEERFULNESS - The flowers are large and carried on stiff wirey stems from neat growing bushy plants. The blooms are white enlivened with a bright crimson center. \$.60 each

DIANTHUS ROSE UNIQUE HYBRIDS - The Dianthus latifolius variety Rose Unique has been a garden favorite since its introduction. Here are two new ones in the same class. They are strong growers with large double blooms.

SALMON PINK UNIQUE - **PURPLE CRIMSON UNIQUE** \$.60 each
PHLOX CHESAPEAKE (Plant Patent applied for) - An outstanding new semi-dwarf Phlox growing not over 15" in height with large symmetrical trusses of flowers in a glorious shade of Tyrian Rose with a silvery white reverse on the underside of the petals. One of the finest perennials to be introduced in recent years. \$.75 each. 3 for \$2.00

CHRYSANTHEMUMS

Here are still more modern mums to be added to our already extensive list which has been sent to you under separate cover.

BOKHARA (Bristol Nurseries) - A rich blending of soft crimson and wine shades bringing to mind the exquisite loveliness of the famous Bokhara rugs. The fully double perfectly formed flowers are carried on long stiff stems from plants which are exceptionally hardy and disease resistant.

\$1.00 each, 3 for \$2.75

WHITE WONDER (Bristol) - Exquisitely formed ball shaped blooms with broad petals which are first creamy white, then open to a crisp clean white. A few stems of this husky grower are enough for a large bouquet. \$.65 each.

MURMURS (UNI OF CHICAGO) - Clusters of semi-double amaranth pink flowers from late August on. \$.60 each

NANOOK (Chicago) Fine low growing, free flowering double white with creamy center. Mid-Sept. to Mid-Oct. \$.60 each.

SNOWFALL (Chicago) - Double white with slight cream center. Late September on. \$.60 each.

TANGERINE (Chicago) Fully double flowers with long overlapping slightly twisted petals giving a fluffy appearance. Color is Spanish orange to grenadin red. \$.60 each.

TWILIGHT (Chicago) Double flowers of Fuchsia-purple, the back of petals somewhat lighter, giving the flower an attractive silvery sheen. \$.60 each.

VALIANT (Chicago) - Semi-double flowers of bright rose scarlet. 18-24 inches. Mid-Sept. to Mid-Oct. \$.60 each

CHIQUITA, LEPITA, ROSITA - Three new Chicago pompons which we regret are sold out until fall.

YELLOW AVALANCHE (Lehman) A true bud sport of the famous Avalanche. The huge fluffy flowers are of a bright soft yellow, a shade or two lighter than Eugene Wender. \$.65 each.

APRICOT CACTUS (Wayside Gardens) (Patent applied for) A superb new Chrysanthemum. The cactus-like flowers are tinted soft apricot which turns to soft corn yellow on age. A fine new cut flower variety. \$1.00 each, 3 for \$2.75

the same time, the PRC is also increasing its military strength and its influence in the region. The PRC's growing influence is a concern for the US and its allies, particularly in the South China Sea and the East China Sea.

The US and its allies are responding to this challenge by increasing their military presence in the region. The US has established a number of military bases in the region, including in Japan, South Korea, and the Philippines. The US has also increased its military cooperation with its allies in the region, including Australia, New Zealand, and India.

Overall, the US and its allies are committed to maintaining a strong military presence in the region to ensure the safety and security of the US and its allies.

It is important to note that the US and its allies are not seeking to dominate the region. The US and its allies are committed to working with the PRC to maintain a stable and peaceful region. The US and its allies are committed to working with the PRC to maintain a stable and peaceful region.
